During the second iteration, the Coffee Can Portfolio consisted of six stocks with three repeats (Cipla, Hero and HDFC from Period 1) and three new entries (Apollo Hospitals, Roofit Industries and LIC Housing Finance). During this period, one of the stocks in the portfolio, Roofit Industries, was delisted. Despite this, the portfolio performed admirably. The star performer was LIC Housing Finance, whose stock price rose thirty-five times, whilst Cipla was a laggard.
