

subconscious law of the mind and money. Someone in this position would probably walk across the street, get hit by a bus, and end up with exactly \$50,000 a year in insurance! It's simple: one way or another, if you're set for \$50,000 a year, eventually that's what you'll get.

So again, how can you tell what your money blueprint is set for? One of the most obvious ways is to look at your results. Look at your bank account. Look at your income. Look at your net worth. Look at your success with investments. Look at your business success. Look at whether you're a spender or a saver. Look at whether you
