

mind works. Metaphorically, your mind is nothing more than a big file cabinet, similar to what you'd find in your office or home. All information that comes in is labeled and filed in folders so that it's easy to retrieve to help you survive. Did you hear that? I didn't say *thrive*, I said *survive*.

In every situation, you go to the files of your mind to determine how to respond. Say, for example, you're considering a financial opportunity. You automatically go to your file labeled *money* and from there decide what to do. The only thoughts you can have about money will be what are stored in your money file. That's all you can think
