

and attitude looking at a level 5 problem. Would this problem appear to be big or little? From a level 2 perspective, a level 5 problem would seem like a *big* problem.

Now imagine you've grown yourself and become a level 8 person. Would the same level 5 problem be a big problem or a little problem? Magically, the identical problem is now a little problem.

Finally, imagine you've really worked hard on yourself and become a level 10 person. Now, is this same level 5 problem a big problem or a little problem? The answer is that it's *no* problem. It doesn't even register in your brain
