

“I am an excellent money manager.”

Touch your head and say...

“I have a millionaire mind!”

MILLIONAIRE MIND ACTIONS

1. Open your Financial Freedom bank account. Put 10 percent of all your income (after taxes) into this account. This money is never to be spent, only invested to produce passive income for your retirement.
 2. Create a Financial Freedom jar in your home and deposit money into it every day. It could be \$10, \$5, \$1, a single penny, or all your loose change. Again, this will put daily attention on your financial freedom, and where attention goes, results show.
 3. Open a play account or have a play jar in your home where you deposit 10 percent of all your income. Along with your play account and your financial freedom account, open four more accounts and deposit the following percentages into each:
 - 10 percent into your Long-Term Savings for Spending Account
 - 10 percent into your Education Account
 - 50 percent into your Necessities Account
 - 10 percent into your Give Account
 4. Whatever money you have, begin managing it now. Do not wait another day. Even if you only have a dollar. Manage that dollar. Take ten cents and put it into your FFA jar, and another ten cents and put it into your play jar. This action alone will send a message to the universe that you are ready for more money. Of course if you can manage more, manage more.
