

downturn in the economy, a lousy partner, whatever. On the inside, however, it's another matter. That's why, if you come into big money when you're not ready for it on the inside, the chances are your wealth will be short-lived and you will lose it.

The vast majority of people simply do not have the internal capacity to create and hold on to large amounts of money and the increased challenges that go with more money and success. That, my friends, is the primary reason they don't have much money.

A perfect example is lottery winners. Research has shown again and again that regardless of the size
