

beating you up, and it never shut up. What would you do with it? Most people answer something like “Cut it off !” But your hand is a powerful tool, so why would you cut it off? The real answer of course is you’d want to control it, manage it, and train it to work for you instead of against you.

Training and managing your own mind is the most important skill you could ever own, in terms of both happiness and success, and that’s exactly what we’ve been doing with this book and will continue to do with you should you attend one of our live programs.

WEALTH PRINCIPLE:

Training and managing your own mind is the most important skill you could ever own, in terms of both happiness and success.

How do you train your mind? You start with observation. Notice how your mind consistently produces thoughts that are not supportive to your wealth and happiness. As you identify those thoughts, you can begin to consciously replace those nonempowering thoughts with empowering ones. Where do you find these empowering ways of thinking? Right here, in this book. Every one of the declarations in this book is an empowering and successful way of thinking.

Adopt these ways of thinking, being, and attitudes as your own. You don’t have to wait for a formal invitation. Decide right now that your life would be better if you chose to think in the ways we’ve been describing in this book, instead of through the self-defeating mental habits of the past. Make a decision that from now on, your thoughts do not run you, you run your thoughts. From now on, your mind is not the captain of the ship, you are the captain of the ship, and your mind works for you.

You can choose your thoughts.

You have the natural ability to cancel any thought that is not supporting you, at any time. You can also install self-empowering thoughts at any time, simply by choosing to focus on them. You have the power to control your mind.

As I mentioned earlier, at one of my seminars one of my closest friends and best-selling author Robert Allen said something quite profound: “No thought lives in your head rent-free.”
