

“I act when I’m not in the mood.”

Touch your head and say...

“I have a millionaire mind!”

MILLIONAIRE MIND ACTIONS

1. List your three greatest worries, concerns, or fears regarding money and wealth. Challenge them. For each, write down what you would do if the situation you fear actually happened. Could you still survive? Could you make a comeback? Chances are that the answers are yes. Now quit worrying and start getting rich!
 2. Practice getting out of your comfort zone. Intentionally make decisions that are uncomfortable for you. Speak to people you normally wouldn’t speak to, ask for a raise in your job or raise your prices in your business, wake up an hour earlier each day, walk in the woods at night. Take the Enlightened Warrior Training. It will train you to be unstoppable!
 3. Employ “power thinking.” Observe yourself and your thought patterns. Entertain only thoughts that support your happiness and success. Challenge the little voice in your head whenever it tells you “I can’t” or “I don’t want to” or “I don’t feel like it.” Don’t allow this fear-based, comfort-based voice to get the better of you. Make a pact with yourself that whenever the voice tries to stop you from doing something that would be supportive to your success, you will do it anyway, to show your mind that you are the boss, not it. Not only will you increase your confidence dramatically, but eventually this voice will get quieter and quieter as it recognizes it has little effect on you.

Success Story from Andrew Wilton

Harv,

My name is Andrew Wilton and I am eighteen years old. I have just completed my first year of university. I attended the Millionaire Mind Intensive two years ago and I have been using the techniques I learned there ever since.
