

better. That is why I believe it's your duty to grow yourself to your fullest potential, to create abundance and success in your life; for in doing so, you will be able to help others and add to the world in a positive way.

I therefore ask you to share this message of consciousness and empowerment with others. Get the message of this book out to as many people as possible. Commit to telling at least one hundred of your friends, family, and associates about it or consider getting it for them as a life-changing gift. Not only will they be introduced to powerful financial concepts, they will learn to observe the way they think, raise their consciousness, and in turn raise the consciousness of the planet. It would also be incredible for them to join you at the Millionaire Mind Intensive Seminar. It is truly a blessing to have your friends and family share this extraordinary experience with you. My dream is that one book, one course, one person at a time, we can change the world for the better. I ask for your support in making this dream a reality.

Thank you.
