

Let's get back to our story. In less than ten minutes at the course, using some extremely effective experiential techniques, Stephen's money blueprint changed dramatically. In only two years, he went from being broke to becoming a millionaire.

At the course, Stephen began to understand that these nonsupportive beliefs were his mom's, based on her past programming, and not his. We then took it a step further and helped him to create a strategy whereby he wouldn't lose his mother's approval if he got rich. It was simple.

His mom loved Hawaii. So Stephen invested in a beachfront
