* Not computed. All common stock owned by Philadelphia Company. No market.

† Not computed. All common stock owned by Public Service Company of New Jersey.

‡ Fiscal years ending June 30. Including year ended June 30, 1932, average would have been 14.75 and minimum 6.34.

§ Treating annual rental of \$2,500,000 payable to Tobacco Products Corporation (N.J.) as an operating expense. Treating it as a fixed charge, average would have been 6.33 and minimum 4.52.

|| Tobacco Products Corporation (N.J.) 6¹/₂% bonds, due in 1922, secured by lease of brands to American Tobacco Company, not included with funded debt of the latter. Including this item as funded debt of American Tobacco the stock-value ratio would be 2.31:1.

¶ Average for 2¹/₂ years since organization of company.

** Not computed. All common stock owned by Continental Gas and Electric Corporation.
