

Trading Cost Models—Reformulated	241
Market Impact Expression.....	241
Timing Risk Equation.....	243
Timing Risk for a Basket of Stock	248
Comparison of Market Impact Estimates.....	248
Volume Forecasting Techniques	251
Daily Volumes.....	251
Forecasting Monthly Volumes	258
Forecasting Covariance.....	263
Efficient Trading Frontier.....	265
Single Stock Trade Cost Objective Function.....	267
Portfolio Trade Cost Objective Function.....	267
CHAPTER 8 Algorithmic Decision Making Framework	269
Introduction	269
Equations.....	270
Algorithmic Decision Making Framework	272
1) Select Benchmark Price	272
Comparison of Benchmark Prices.....	276
2) Specify Trading Goal.....	276
3) Specify Adaptation Tactic	284
Comparison across Adaptation Tactics.....	293
Modified Adaptation Tactics.....	294
How Often Should We Re-Optimize Our Tactics?	294
CHAPTER 9 Portfolio Algorithms.....	297
Introduction	297
Trader's Dilemma	298
Variables	299
Transaction Cost Equations	300
Market Impact.....	301
Price Appreciation	301
Timing Risk	302
One-Sided Optimization Problem	302
Optimization Formulation.....	302
Constraint Description.....	303
Portfolio Optimization Techniques	306
Quadratic Programming Approach	306
Trade Schedule Exponential.....	308
Residual Schedule Exponential	309
