

during the fertility process.

(Okay, so I made that one up.)

Seriously though, the goal of these businesses is to make our money their money . . . not teach financial education!

I've built a career on giving fiercely independent advice and I'm going to give you the skinny on everything you need to know about kids and bank accounts.

No fear, no favour and no bank-branded merchandise.

Let's get started.

The best savings account for your kid's cash

I think every kid should have their own savings account.

Hang on, didn't I just get you to set up jam jars?

Yes, I did.

Let me be clear: kids don't really need a transaction account for their own use.

However, they will need you to set up an online saver account where you can store their birthday money from grandparents and the like—and perhaps bank some pocket money savings when they fill their jars.

Here's you: So, which bank account should I open?

Here's me: Avoid anything that's marketed as a kids' saver account and you'll generally be okay.

Like Commbank's Youthsaver, which is just horrible. (Friends don't let friends do Dollarmites.)

So what savings account do I suggest you set up for your kids under the age of fifteen?
