

Daniel Drew on Wall Street

Bouck White

I sometimes wish I had stayed in the steamboat business and let Wall Street alone. I'd have made money in a more steady way and without the risk. Steamboats are not so liable to ups and downs as stocks are. And at this time I was earning from my steamboats alone enough money to have made me in time a man of comfortable means.

But the trouble with business of that kind is, there are so many little things to look after, which keep you on the go well-nigh all the time. Because the profits from a business line are made up of a lot of small profits; and each detail is liable to leak money unless you look out.

I sometimes wish I had stayed in the steamboat business and let Wall Street alone.

For instance, there was the one item of the bar, on my steamboats. Going into the bar one day on the steamboat *Drew*, who should I see there but the Captain of the boat taking a drink. I was going to be mad at first, and stood watching him in order to think what I should do. He stood very
