

?much as you want and more, what will be the purpose of life for you
.I pray that your mission goes beyond money and goes beyond yourself

CHAPTER 2

Now is the time to invest in property

The thing I love about property is that it is bricks and mortar. If you invest in the stock market you can lose everything and your investment can become worthless. Similarly, if you invest into a business that doesn't work you can lose a lot of money. However, with property, generally speaking, the worst thing that can happen is you have a bad tenant who loses you
