

bank. Later on, I will be explaining how you can buy a property for
.£100,000 and achieve a rent of £1,400 per month
So, you could have the same two people with the same job who live in the
.same street

.Both of them work hard and save up £37,500

.Person A puts it in the bank
.Person B buys an average property at random

.Person A is broke, Person B is rich

,Jim Rohn says

I teach my kids to have two bicycles. One to ride and one to rent. How“
”?hard does it get with a little ingenuity

The trick to financial freedom

:The trick to financial freedom is twofold

.Figure out what passive income is (1)
.Accumulate enough passive income to cover your lifestyle (2)

.Let me explain the difference between passive and active income

Active income is the income that we are programmed to make right from
the time we leave school and go into the workplace. You work once and get
.paid once. This is basically trading your time for money

Passive income is where you work once and get paid again and again.
Passive income can be created from a systemised business, a franchise,
network marketing or royalties, but most easily through property. How
