

one month four professional tenants were paying me £1,400 per month in
.rent

.I had bought the property for exactly £100,000

Case study

Purchase price: £100,000

Rent: £1,400

Deposit: £25,000

Bills and insurance: £300

Legal fees: £2,000

Mortgage interest: £220

Refurbishment: £2,000

Total investment: £29,000

Monthly cashflow: £880

.Return on Investment is 36 per cent per annum

It was actually an infinite ROI for me because I structured it as a No Money
.Down Deal, but we'll get on to that later

Find the right mortgage

Many small multi-let properties are just residential houses and you would struggle to get an HMO mortgage on them. At the same time, you would be
