
Lightning Round

What's a housing decision you can make in the next ten years to lower your total cost of housing?

What's a transportation decision you can make in the next five years to lower your total cost of transportation?

What's a food decision you can make next week to lower your total cost of food?

Action Step

Write a meal plan that you can commit to following through with 100 percent for one week. Don't focus on making it the healthiest, best-looking, or least expensive. Prioritize follow-through.
