

To Jen, you're the champagne I wanted and the shot I needed. It's your brilliance and friendship that keep me around. Thanks for feeling sorry for us in 2018 and for saying you'd never start a podcast. Your "never"s are the best of what we've created together.

Finally, to all my ladies both near and far who know the intricacies of what life has looked like surrounding this book. For the unending support you offered and all my shenanigans you've put up with: Jenna Ball, Ashlyn Bergey, Sharon Mangum, Lianna Kemmerer, Brittany Wrigley, Chelsea Saurman, Brittany Rizzo, Brenna Henricks, Kate Saurman, Sam Kautz, and Jacqueline Mulder. Your friendships are what strengthens me. That and all the hot dogs and margaritas.
