

this book, which could be another outlet for the life-changing message of FI. They agreed, and we proceeded full speed ahead.

Brad:

This book exists because we feel FI is a superpower that can radically transform your life, relationships, financial stability, and ultimately your happiness. There's normally so much stress surrounding money, but when you can reframe saving money to helping you pursue what you truly want out of life, it becomes the obvious choice.

I'm Brad Barrett, a suburban husband and father of two young daughters, former CPA who left my corporate job at thirty-five to pursue entrepreneurship and shortly after declared my Financial Independence. Jonathan Mendonsa and I started the *ChooseFI* podcast in 2017, and the message has resonated with people all across the world. In partnership with Chris Mamula, this book represents the best of our podcast and the FI message.
