

possibilities to design unique and interesting lifestyles with progressively less risk.

Seeing the power of the wealth you've accumulated can give you the confidence to abandon your "normal" job and start pursuing a different way of life. This is demonstrated repeatedly in the FI community.

Action Steps

1. Define what F-you money means to you. How much money do you need to feel secure to take more risks in your career, cut back work, or try something completely different?
2. Determine where you are on the stages of FI. Does it make sense to continue on your current path to FI as quickly as possible? Why or why not? Explore the options available to you.
