

is not a good manager of money and assets? A recent survey by TD Ameritrade asked women their top two biggest financial deal breakers in a relationship: 42 percent said bankruptcy and 32 percent said foreclosure. Ladies, I'm impressed. Good answers! Bankruptcy remains on a credit report for up to 10 years and foreclosure for seven, which may seriously impact your partner's ability to get hired or be approved for a car loan or home mortgage in the future. There is some baggage you can live with, but if your partner is toting around a bankruptcy or foreclosure, kick him or her to the curb!
