

GOAL SETTING AND STRATEGIC OBJECTIVES

Based on the environmental analysis, organisations establish specific, measurable, achievable, relevant, and time-bound (SMART) goals and strategic objectives.

Relevant

Time-bound

These objectives serve as guideposts for allocating resources and aligning efforts across the organisation.

STRATEGY FORMULATION

This involves developing a comprehensive plan that outlines the organisation’s approach to achieving its goals and objectives. It may involve market expansion, product diversification, cost leadership, or differentiation strategies.

MONITORING AND EVALUATION

Regularly monitoring and evaluating the strategy’s effectiveness is essential for making necessary adjustments and ensuring alignment with the organisation’s objectives and market conditions.
