

NOTE

AVOID becoming an “AC, PC, CC Consultant,”

A consultant who remains confined to the comfort of an air-conditioned room, glued to a computer screen, and primarily engages in sending emails, often copying important individuals in the communication chain.

In Summary

Consulting is a dynamic and rewarding field that offers endless opportunities for growth and impact. Whether you're a seasoned consultant or just starting out, mastering the skills and techniques outlined in this chapter will help you succeed in the world of consulting.

Let's Try ...

Think of a real-world problem or challenge that you or your organisation is facing. Using the framework outlined in this chapter, define the problem, gather relevant data, and develop a preliminary plan of action. Share your insights and recommendations with a colleague or mentor and solicit their feedback to refine your approach.
