

HOUSING & HOME IMPROVEMENT

Renters, owners, and couch-crashers all have one thing in common: They need a place to put their feet up at the end of the day. With mortgage concerns and the rising costs of keeping a home safe and comfortable, it may seem like too large of a responsibility for some. We feel that with the right guidance and a little inspiration, anyone can contribute positively to the household budget. This chapter will give you the straight talk about living large in any housing market.
