

DAY 10 ACTION PLAN:

- Form a personal or family “rule” that you only eat out with a coupon, and save the “withouts” for special occasions.
- Try something you don’t normally do the next time you go out. Order water instead of soda, or split a drink—even a meal. Take home leftovers, then make sure to eat them.
- Start an eating out spending freeze for the next thirty days, and focus instead on creating simple meals at home.
