

DAY 19 ACTION PLAN

- Ask for samples of your medication from the doctor the next time you see him/her, or print out a discount drug card or coupon and use it the next time you fill a prescription.
- Switch to a mail-order pharmacy if your insurance company offers one, or look for an online pharmacy that's reputable and provides a good rate.
- Sign up for a pharmacy reward program if you haven't already, or check to see if your current pharmacy offers one.
