

DAY 22 ACTION PLAN:

- Next time you see a great sale, buy two or three of that item instead of just one. Take advantage of the great deal while you can!
- Check Amazon to compare the prices of your favorite toiletry products. If they're competitive or cheaper than the store, add them to your virtual cart the next time you need a replacement.
- Be conscious about how much product you squeeze out of the bottle. Remember, a little goes a long way!
