

DAILY AND INTRADAY MARKET ANALYSIS

**available on The Bloomberg, Knight-Ridder,
Reuters, Telerate and UniLink**

As you make critical investment and trading decisions, consider the 24-hour *Outlooks* written by *Elliott Wave International's* expert market analysts.

You can receive our comprehensive market analysis on-line. Each *Outlook* described below gives our short term market analysis using the Elliott Wave Principle and other supporting methods. You will receive detailed commentary, support and resistance levels, wave analysis and more. These tools will give you valuable assistance in implementing your strategies.

We will transmit our *Outlooks* to you Monday through Friday, and supplement them with intraday updates as needed, 24 hours a day.

THE GLOBAL INTEREST RATE OUTLOOK

Detailed commentary on interest rate markets around the world.

THE INTERNATIONAL CURRENCY OUTLOOK
