

2.

Shops and Establishment Act, 1961

It is a state level regulation for shops, offices and commercial establishments.

Non compliance leads to fines or closure of the establishment.

The key compliances are similar to the Factories Act.

- ☒ Registration certificate
- ☒ Safety Measures
- ☒ Health & Wellness
- ☒ Working Hours
- ☒ Annual Return

While Factories Act and Shops and Establishment Act define rules. If rules are not followed, you need to solve disputes. The ID Act exactly does that.

3.

The Industrial Dispute (ID) Act, 1947

The ID act governs resolution of industrial disputes. As of 2023, this applies to establishments with more than 100 employees. It lays down procedures related to settlement of Industrial disputes. Non-compliances results in fines or imprisonment. You should be beware of the compliance areas of the ID Act.

a. Conditions of Service -

Notice must be provided before changing conditions of service to workers and government authorities.
