

1. Hygiene factors

These factors are essential for motivating people. However they do not provide long term satisfaction. However their absence creates dissatisfaction. They are also called dissatisfiers or BASICs. They include:

- a. Base Salary - Competitive and reasonable.
- b. Administrative Policies - Flexible and Fair.
- c. Security of Job - Psychological safety.
- d. Interpersonal relations with manager and peers - Without conflict or humiliation.
- e. Conditions of working - Safe and Hygienic.
