

How to use this book?

Learn By Doing: This book like any other book is designed in a Hands-on Manner. You learn the most when you actually do something along rather than just reading/listening about it. This book has a toolkit with practical templates and a detailed quiz along with certification. Make sure you practice along to get the maximum value out of this book. Practice, practice, and practice. That is the key!

QR Codes and Explainer Videos: At ZebraLearn we like to go the extra mile. For each topic, you have Author insights as a QR code. You can use any QR code scanner to scan these and access them. You do not need to go through each Video. It is already covered in the text. But, wherever you face difficulty understanding the topic, scan the QR code next to the topic and you have your Author giving you a detailed explanation with some real-life examples for a better perspective.

Hands-on-HR - Just like the rest of this book, we've integrated a practical approach in each chapter through our "Hands-on-HR" section. Now, let's maximize the "Hands-on-HR" activities in each chapter with a simple approach. If you're using Google Lens or a similar tool, snap a picture of the provided reference links using your smartphone. The technology will extract the text from the image, directing you straight to the web pages. Learning HR is not just about reading; it's about doing. So, roll up your sleeves, follow the links, and immerse yourself in practical HR scenarios. Remember, practice makes perfect, and in the realm of HR, that's the golden rule!

HR Toolkit - As a bonus companion to this book, we're delighted to present the "HR Toolkit." This kit is your go-to resource, equipped with 20+ practical templates and reports essential for anyone navigating the HR landscape. Consider it your HR toolkit, providing the necessary documents to streamline your HR processes. As you journey through the book, keep your toolkit handy for real-world application, making your HR endeavours more efficient and effective. You will find this toolkit in the digital version of this book.

Navigating the Trilogy - We understand the sequential challenge that might arise as you move through our trilogy. Here's a quick guide to help you smoothly transition from one book to the next:

1. Hiring Mastermind (Chapters 1-15)
2. Retention Mastermind (Chapters 16-30)
3. Management Mastermind (Chapters 31-50)

Certification Quiz - Elevate your expertise with our exclusive certification quiz included with each book! Test your knowledge and solidify your grasp on HR concepts. For your convenience, the quiz is accessible in the digital version of the book, allowing you to seamlessly navigate and certify your mastery in the comfort of your digital reading experience.
