

Interestingly, most people remember the onboarding experience more than the journey. Same is true for employees who join organizations. They also remember their onboarding experience.

According to the Society for Human Resources Management (SHRM), 69% of employees are more likely to stay for more than 3 years if the onboarding experience is great. Before we move ahead, let's first understand the official definition of onboarding.

Onboarding

Onboarding is the process of converting a selected candidate into a committed and productive employee. It is achieved by handholding and familiarizing the selected candidate with the organization throughout the journey of becoming a productive employee. It involves a set of activities including

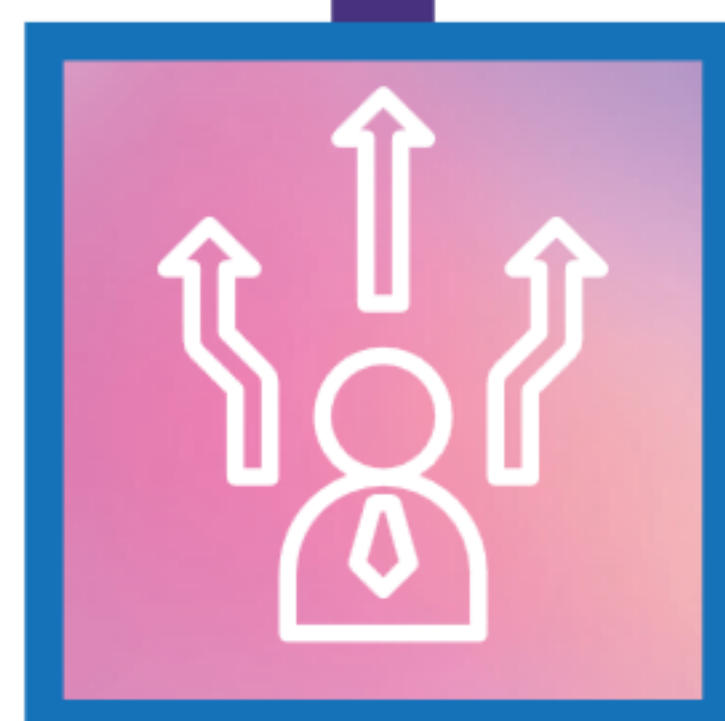

Orientation

Job training

Induction

It involves a set of activities, including orientation, induction, and on-the-job training.
