

b. Which car can you afford?

Do you have a dream car in mind?

It's important to consider whether you can afford it or not before making any purchase. Here is a handy calculator that will give you an idea about what your budget should be according to your income.

Car
Affordability
Calculator

The above calculator is based on the thumb rule:
(that I use) -

20-4-10

The rule looks like this-
