

1. Introduction

Life can be pretty unpredictable. Imagine, getting hit by a massive earthquake that makes your flat unsafe to live in.

Sounds like a nightmare? Sadly, this happened to my own uncle. To make matters worse, redevelopment of his home would take several years. So, he had no choice, but to find somewhere else to live and had a series of unexpected expenses lined up.

You and your savings

*This whole situation shows us how important it is to be ready for emergencies because they can knock on your door anytime out of nowhere. So, the best way to handle them and ensure the safety of yourself and your family is to **plan ahead**.*
