## Room Rent Limit & Proportionate Deduction

**This is an important sub-limit that I want to discuss in detail.**

Insurance policies often have a cap on the type of room you can choose or the amount spent on room rent. If you exceed this limit and opt for a high-cost fancier room, you'll have to pay the extra cost yourself. Plus, the insurer will also not cover other expenses proportionally.

Single occupancy Room  
₹7000
