

2. Medium-Term Goals (3-7 Years):

Now, let’s talk about those goals that are neither too near nor too far, like saving for a wedding or saving for the downpayment of a house. Here’s what you should do:

3. Long-Term Goals (7+ Years)

When it comes to long-term goals like retirement planning or building substantial wealth, you can increase your exposure to riskier assets like:

By following these simple guidelines, you can make sure your investments align with your financial goals, helping you make those dreams a reality.
