

3. Professional Management

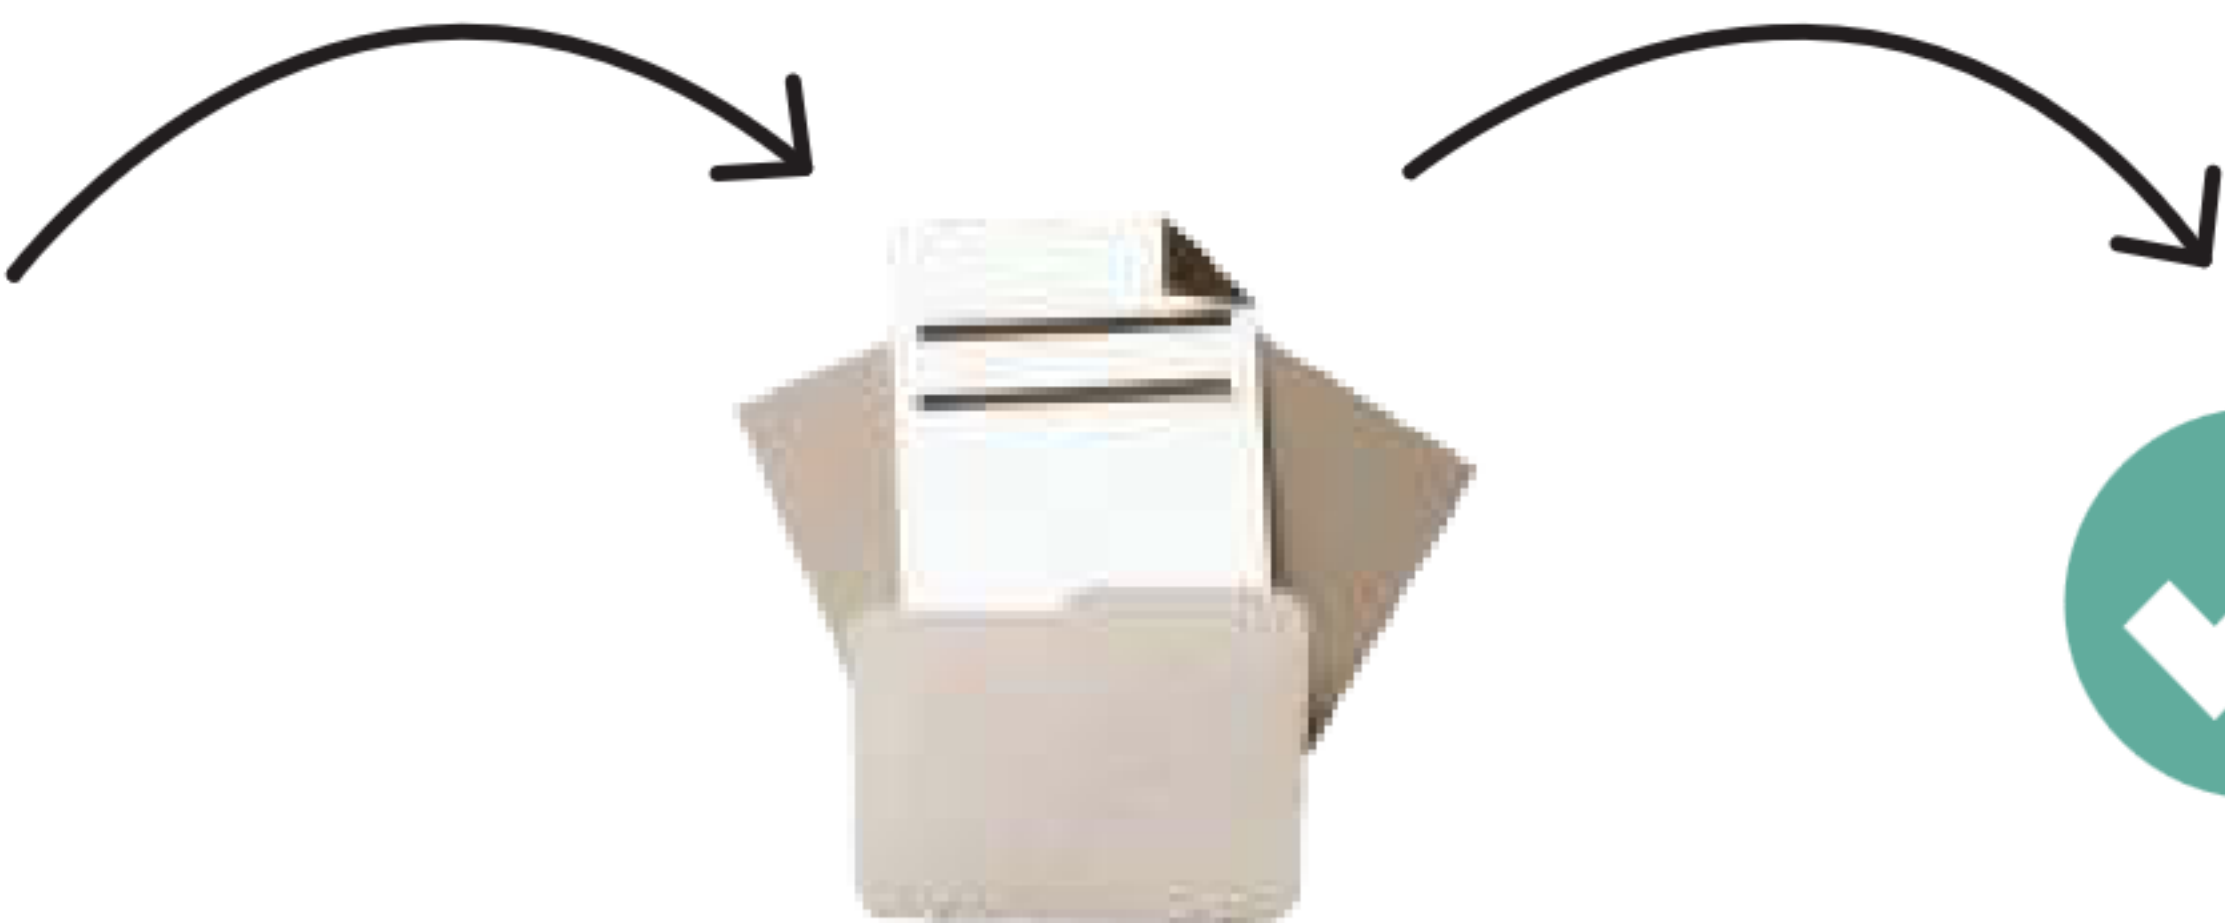

No need to spend hours researching the stock market. Experienced professionals handle mutual funds. They keep an eye on things and adjust the portfolio as needed, making sure your investments have the best chance to grow.

4. Tax Efficiency

Investor

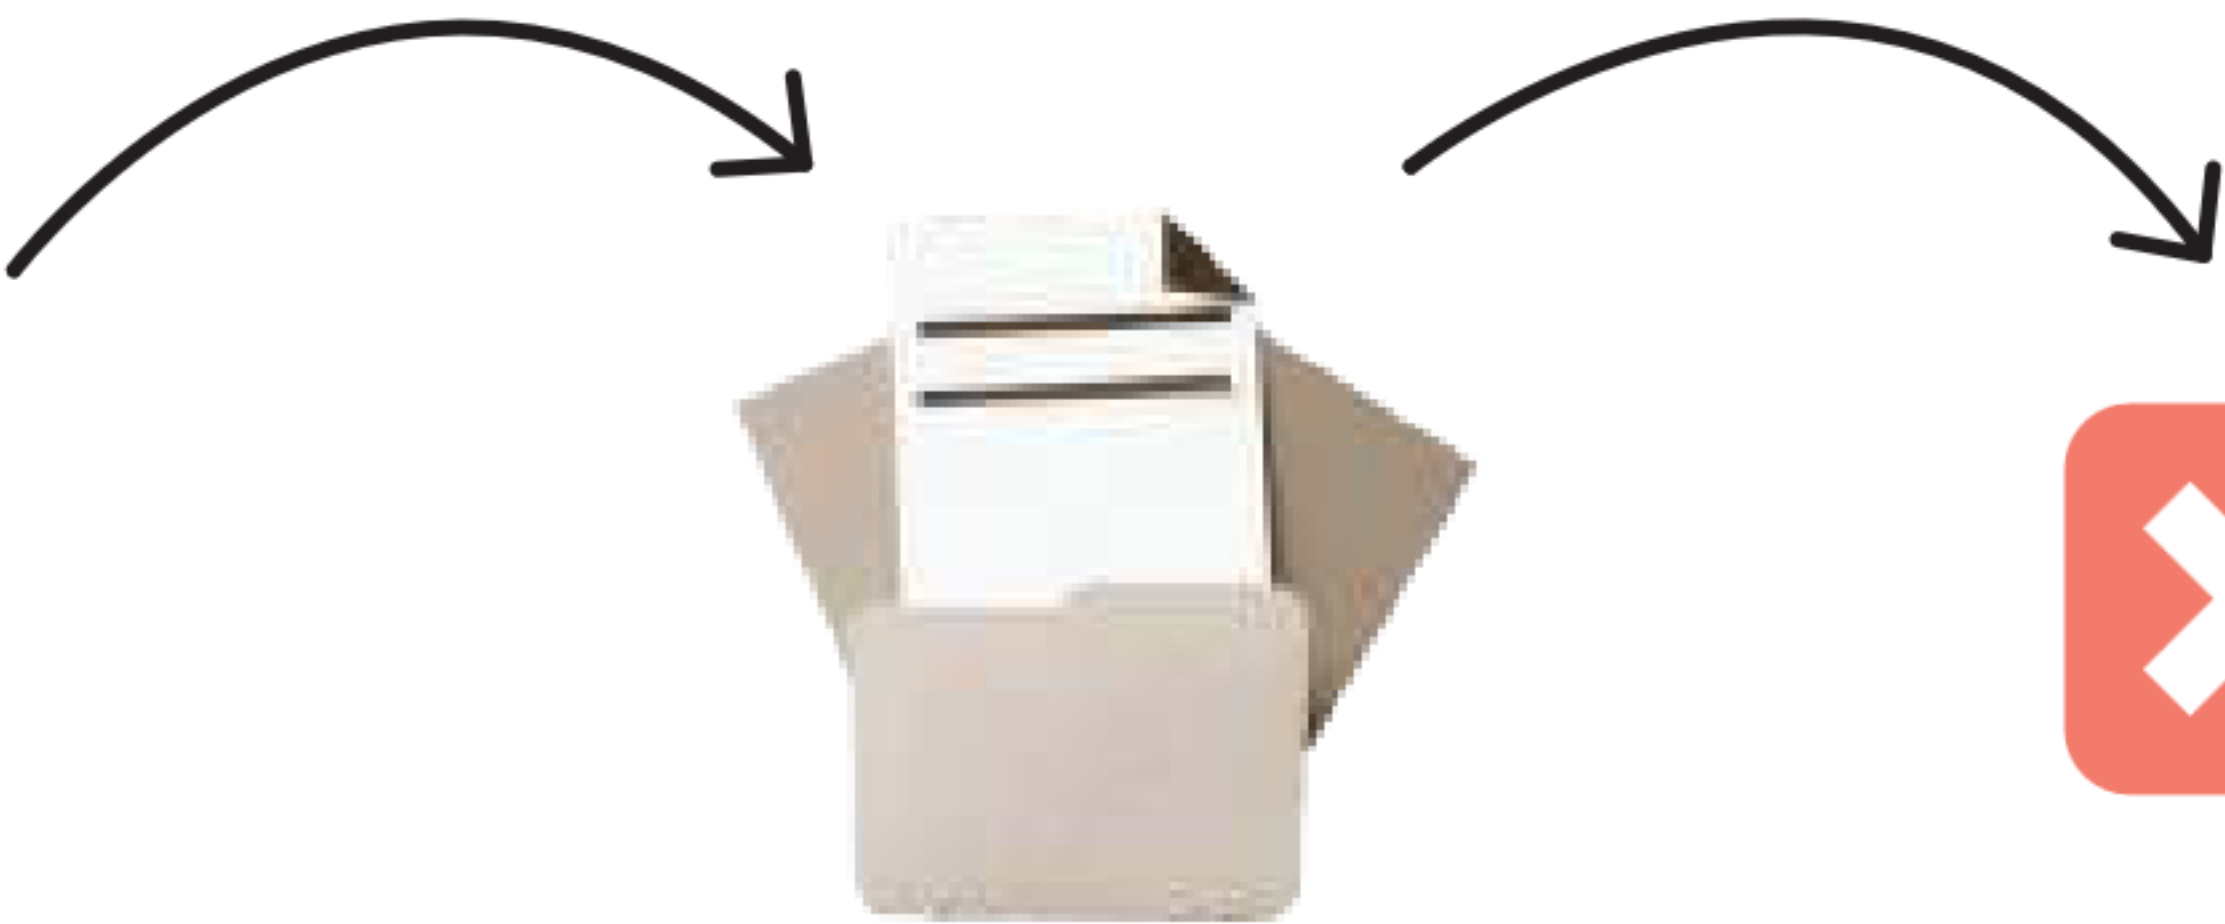

Buy and Sell Stocks

✓ Pay Taxes

Mutual Fund

Buy and Sell Stocks

✗ Pay Taxes

If you were to buy and sell the same stocks that were there in a mutual fund, you would have to pay taxes on the gains. However, when a mutual fund buys and sells stocks, they are exempted from paying taxes on it.
