

2. How to pay off debt?

If you have multiple loans and you are feeling overwhelmed, these are the two ways that can help you pay off and reduce the debt. Let's understand them one by one.

These are as follows-

Snowball Method

Avalanche Method

You should start with the Snowball Method.

With this, you will be paying small debts first so that you are visibly seeing some progress and you get into momentum. Eventually, you should follow the Avalanche method which makes more sense from a financial perspective.
