

Section 24b:

A portion of your EMI goes towards paying the loan's interest. Now, here's where it gets interesting: You can claim a deduction on the interest portion of your EMI under Section 24b, upto a maximum of ₹ 2 lakh. It's like a tax break on the interest you're paying.

Section 80c:

Another part helps pay off the actual loan amount. The principal part of your EMI can also be deducted under Section 80c, with a maximum limit of ₹ 1.5 lakh.
