

you're a financial advisor, this book will help you serve your clients better.

—RIC EDELMAN, three-time #1
Independent Financial Advisor (*Barron's*)
and *New York Times* bestselling author of
The Truth About Your Future

Investors are always seeking new assets to diversify their portfolios, and the emergence of cryptoassets provides such an opportunity. Burniske and Tatar offer the first detailed analysis of cryptoassets from the perspective of a portfolio investment.

—CAMPBELL R. HARVEY, former
president of the American Finance
Association and professor of finance at the
Fuqua School of Business at Duke
University

Cryptoassets is the definitive guide that comes just in time to introduce you to a radically new era of innovative investment. This book tells you all you need to know to invest in this supreme opportunity of our time: replacing the porous top-down “winner-take-all” Internet with a safe and cornucopian cadastre of trust and opportunity that makes us all potential winners.

—GEORGE GILDER, cofounder of the
Discovery Institute and author of *The
Scandal of Money*
