

—LAURA SHIN, senior editor at *Forbes*
and host of *Unchained*

Cryptoassets is a fascinating introduction to this new space of the digital economy. The authors surface many historical examples to remind us that in times of excitement, it is even more important to pay attention to the teams and talent behind each project.

—CHRISTIAN CATALINI, Theodore T.
Miller Career Development Professor at
MIT and assistant professor of
technological innovation,
entrepreneurship, and strategic
management at the Sloan School of
Management at MIT

Cryptoassets is a must-read for all financial services executives and investors who want to understand the fundamentals and future directions of this burgeoning new asset class. Delivered by two of the foremost authorities in the nascent, multibillion-dollar space, this is the most extensive guide on cryptoassets currently available.

—SANDRA RO, former head of
digitization at CME Group

As renowned industry thought leaders, it's no surprise that Chris and Jack have delivered what is likely the most thoughtful and in-depth framework for evaluating cryptoassets. Within this book, they've rolled up their sleeves
