Serious investment professionals should read *Cryptoassets* if they want to understand and value the first new asset class of the twenty-first century. Chris and Jack explain this new-age investment opportunity comprehensively, artfully, and masterfully.

—CATHERINE WOOD, founder and CIO
of ARK Investment Management

A rare combination of quantitative analysis and first principles-based thinking—this is insightful, original content.

—ADAM WHITE, vice president of
Coinbase and general manager of GDAX

In an increasingly digital world, it is only a matter of time until enormous amounts of value are transmitted and secured via blockchains, including the value of music and creative works. *Cryptoassets* makes blockchains accessible to the nontechnical by exploring their varied origin stories, use cases, and fundamental value. If you're looking for a grounded, first-principles approach to the next wave of Internet innovation, then this is a great book to read.

—JESSE WALDEN, founder of
Mediachain Labs and blockchain lead at
Spotify

Chris and Jack show us the future of cryptoassets today. Their outlook is pointed and perceptive. A must-read to understand
