

and more. Chris and Jack have written a book I highly recommend to investors in this burgeoning field!

—PAT BOLLAND, former business editor
at CNBC, CBC, BNN

Cryptoassets is the bible for all things crypto. Whether you're a beginner or expert, you will walk away with a deeper understanding of the entire ecosystem after reading this book.

—GREG ROSEN, principal at BoxGroup

Chris and Jack provide a holistic view of the origin, evolution, and analysis of cryptoassets. It goes through their very short but intense history, talks about methods for analyzing their value, and identifies the ones with potential. I'd recommend it to anyone who wants to dive into investing and understanding how cryptoassets will shape the future of society and the creation of value.

—LUIS CUENDE, cofounder of Aragon
and Stampery

Those of us who work in the blockchain industry have long realized that the rise of cryptocurrencies as a legitimate asset class was inevitable. But most traditional investors have been slow on the uptick. Chris was the first buy-side analyst to focus exclusively on this emerging asset class, and Jack was one of the earliest financial journalists to stress its importance. For years, Chris has been working hard to bring Wall Street's rigorous analytical methodologies to cryptocurrencies, while
