

Achieving Wealth

“Wealth is the ability to fully experience life.”

~Henry David Thoreau

I heard a phrase a long time ago that went something like, “Being rich is having money; being wealthy is having time.” That is a very telling statement. That is my wish for you, to have the time to enjoy your money, the wealth that you will create, and to relax and realize that the shadow of bad debt will not cloud your life forever. Bad debt can be a thing of the past, and it never needs to show its ugly mug in these parts ever again.

In the Beginning

Ed and Sue started out in the beginning of this book, feeling like an avalanche was washing over them. The bills were coming, and they kept paying, yet they never could get ahead. Any time they needed a little “extra” money, be it doctor bills or a new furnace or brakes for the car, they had to use their credit cards, and they were never able to pay off the balances.

Every month, it seemed like there was something, and the credit card had to be used to bridge the gap. It was like a carnival ride, where it just keeps spinning and going around and around. A person can lose their equilibrium when they never get to stand on solid ground, and that is how Ed and Sue felt. They felt like they were in a downward
