

O Canada

O Canada, we stand on guard for thee.
~ from Canadian national anthem

Most of what has been covered in *Debt Cures They Don't Want You to Know About* applies to residents of Canada as well. Many of the methods and techniques are universal and can be used to reduce or eliminate debt and get on the path to wealth. No matter where you live, interest is a killer. The less interest you can pay, life is better all around. Avoiding fees is wise, no matter what state or province you live in. This chapter will address the information that is different for Canadian residents.

Credit Reporting Agencies

Residents of Canada are also allowed a free credit report each year, but the agency to contact depends upon province of residence. The annualcreditreport.com only works for the United States. And the word free is a misnomer. It is free if requested by mail, but there is a small fee if requested immediately online. Don't ask me why. I'm just the messenger.
