I had over \$50,000 in credit card debt, and I didn't know what to do. I couldn't sleep and the collection calls kept coming. I used the Debt Cures methods and I cut what I owed the credit card companies down to under \$14,000. I got my life back..."*

- Joel, Los Angeles, CA

Joel is not alone. Millions of Americans are being buried alive with the outrageous fees and interest rates and penalties. Meanwhile, the credit card companies are making billions of dollars in profits.

The CEO of one of the largest credit card companies in America has stated that their only "problem is to squeeze out enough revenue and get customers to sit still for the squeeze." He wrote in a company memo: "Making people pay for access to credit is a lucrative business The trick is charging a lot, repeatedly, for small doses of incremental credit."

The credit card companies are doing just that: charging a lot, repeatedly. Who is letting them get away with it? The federal government.

By learning the traps of the consumer lending industry, you will know how to avoid them. Fight back, and you can cure your debt forever!

If you are tired of the anxiety, the family stress, and the sleepless nights associated with being in debt, *Debt Cures "They" Don't Want You to Know About* is written just for you!
