Debt Be Gone!

Now this is what I call exciting news! If you live in Alabama, Arizona, Arkansas, Delaware, Washington, D.C., Kansas, Louisiana, Maryland, Mississippi, New Hampshire, North Carolina, Oklahoma, South Carolina, Virginia, or Washington state, your credit card debt is untouchable after just three short years!

With this little known method, you can wipe out 100% of your debts! Uncollectible accounts that have been written off cannot come back to haunt you. Do not own up to a debt that you don't own! When Miranda got the call from the debt collector, she did not fret. She knew her rights, and she knew that the \$3000 debt was beyond the reach of any collection effort. If you have been victimized with debt that ballooned beyond belief and now the collection hounds are after you, you can throw water on them and burst their bubble. The statute of limitations on debt exists to keep creditors from ceaselessly harassing you. They must stop forevermore.

There is no quicker path to wealth than the elimination of bad debt! In the immortal words of Dr. Seuss, "Congratulations! Today is your day. You're off to Great Places, you're off and away. You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose."
