

No, that is not a contradictory statement. Hang with me for the duration of these chapters, and you will be on your path toward financial freedom. If you are currently dealing with collection agencies or credit card companies, you now know a few unique techniques that can literally save you thousands. Honestly, a few phone calls can save you thousands of dollars. And for some of you, you should be able to eliminate your entire debt completely! 100% of your debt gone!

These simple techniques are not common knowledge. After this book spreads the word, they will be! The best way to get someone's attention is through their pocketbook. If enough people start applying these techniques, the industry will take notice. The only way credit card reform will happen is if we do something about it.

Be a Success Story

My pal, Paul, was \$80,000 in debt and forced into bankruptcy. Of the \$80,000 that had snowed him under, \$50,000 was credit card interest, fees, and penalties! Only \$30,000 was actually spent by Paul, and if the amount had stayed that way, he could have managed to repay it. His debt nearly tripled because of the down-and-dirty methods of the credit card companies. The industry forced him into bankruptcy. He had his moments of despair and panic, but fortunately, he learned debt reduction methods and how to create wealth. Now it's Paul's turn to laugh all the way to the bank. His credit is superior, to the extent that he lives in a million-dollar-plus home, and he has the income and credit to support his \$1.2 million mortgage. Paul is not the only success story. There are thousands of people who, in following these methods, have overcome what they thought was debt for life.

Paul went
from
bankruptcy
to a million-
dollar-plus
home!

Bill had a difficult time getting up and running in business. He was forced into bankruptcy – not once, not twice, but three times! Talk about perseverance! Bill learned how to once and for all take care of the bad debt. He turned his life around completely. Reducing debt and using credit in the right ways made all the difference. Now a multi-
