

You chose Whale for accuracy; TurboScribe transcribed quickly and free

The screenshot shows the TurboScribe website. At the top, there's a navigation bar with 'TurboScribe', 'PRICING', 'FAQS', and 'BLOG'. A sidebar on the left indicates '1 of 3 daily transcriptions used' and has a 'GO UNLIMITED' button. Below this are 'Shortcuts' for 'Recent Files' and 'Folders' with a 'New Folder' button. The main content area displays a transcription titled 'gmr call recording' dated '18 Sept 2024, 8:10 am'. The transcription text includes: '(0:00) Any production branding, so brand resides in this function, so brand production, (0:07) which is equal, which is offline events, also production in terms of videos, you know, (0:15) which need to be done. So that is done by the second vertical. Third is the one which does (0:20) IC, internal communication, okay, which is to keep everybody and employees informed about what's (0:25) happening the latest. And the fourth is the group social media mandate. So it's being taken care. (0:32) Also, some of the businesses handle that and CC function takes care of it like Sangeeta, (0:37) for example, overall head looks at also the Hyderabad social media and the website as well. (0:45) So otherwise, as a group level, we have for the group website updates and also key features to (0:53) and the social media, which is driving the consolidate level, the image of the company. (1:00) So these are the main four. So therefore, it's a little bit more than media and PR as well. (1:07) And there are more functions which come together and it's more holistic 360. So with that lens, (1:13) I would invite my colleagues to have a look and give you a feedback. And then we can have a (1:18) discussion more once we have this round.'

Since you wanted precision, you selected Whale. Even in the detail-oriented mode, the transcription of the 30-minute meeting was done within a few minutes. TurboScribe offers three free transcriptions per day, so it's cost-effective. Also, it is easy to set up a free account.

Feed the transcription into ChatGPT for analysis.

Once the transcription was ready, you opened ChatGPT to input the text and a prompt to generate meeting notes. You asked ChatGPT to provide key insights, action items, and deadlines in the prompt. You also requested ChatGPT to act like a professional note-taker and add any missing fields wherever needed.

Feed the transcription into ChatGPT for analysis used ChatGPT to generate key insights, action items, deadlines

- Create an image for my presentation
